

The Young Voices concert was a tremendous success with our school choir singing their hearts out in front of a huge audience!

EBPS ROUNDUP SPRING 1

Our chance to show you all of the incredible things which have been happening at Earls Barton Primary School this half-term.

STEM week has been a huge success with children thoroughly enjoying learning all about science, technology, engineering and mathematics!

Children in Year 5 absolutely loved their 'Ancient Greek' day, hosted by the talented Miss Bartholomew!

We are hugely grateful to our PTA for funding our new outdoor classroom to be used for science investigations!

Gareth Williams, who is a linesman for the National Grid, came in to talk to our Year 6 children about his role in a STEM career! He taught the children about electricity and brought along a variety of pieces of equipment to show the children!

As part of STEM week, we got to experience a police fire control vehicle! Huge thanks to Mr Hincks for providing the children with this unforgettable experience!

Our science ambassadors have done a fantastic job of delivering a science lesson to each class! We learned all about how our fingerprints are unique!

Jelly beans! Each class has been creating and solving their own jellybean maths problems! We've also tried to guess how many jelly beans are in the jar!

Each class was incredibly fortunate to have a WOW! science assembly led by Sam Mallett from Wrenn school. They learned a variety of fascinating things to share with their parents!

Each class completed an engineering project in DT: from birds nests, hedgehog houses, insect hotels and bird feeders!

Ancient Egypt day in Year 3 was a huge success! Led by the brilliant Miss Bartholomew, the children loved learning more about their topic.

EYFS went on a dinosaur hunt! They followed the tracks which had been left by the dinosaurs which led them all the way to the rec! What a brilliant Talk For Writing hook!

Congratulation to this half-term's Bartonian winners in KS1 for showing our school value of Self-Belief!

It was brilliant to be able to invite parents in for a maths workshop and the opportunity to see their children in action during maths lessons! Thank you to all parents for attending!

We are tremendously proud of our tag rugby team for taking part in the county finals - a fantastic effort!

Congratulation to this half-term's Bartonian winners in KS2 for showing our school value of Self-Belief!
