Statements of parents nominated for parent governor vacancy:

Vicky Stafford

I have been a primary school teacher for almost 11 years and have also served as a staff governor at the school I teach. Having been a staff governor, I understand and value the importance of the governing body's role in supporting the school to ensure the very best outcome for every child it serves, and the time and commitment this involves. I relish the opportunity to join the Earls Barton Primary School's governing body as a parent governor, and would hope to be an asset in supporting the school in achieving its vision.

Tracy Bradley

Earls Barton Primary School (EBPS) is a terrific school with a good Ofsted rating and I would like to help the school continue to improve and develop.

My name is Tracy Bradley, and my little boy is in Year 1. My day job is in Car Leasing/ Fleet Management and Property Development. I believe these skills will transfer well to the work of school governance, helping to project manage to a conclusion, with a strategic approach, the fulfilment of any gaps that are identified whether these relate to budgets, policies or development plans.

I am in the very fortunate position to have the time to commit to a demanding volunteer role, this means I can attend meetings, governor training and visit the school during the day.

The area I am most keen on is to ensure on is that all children are safeguarded well and can fulfil their potential whatever their background, special educational needs or disabilities.

I am confident to ask difficult questions on behalf of all the children EBPS serves. I am also eager to support the school and its dedicated staff who work so hard to keep EBPS running smoothly.

Although I have no experience of school governance specifically, I have been part of senior management teams in my previous work roles.

Thank you so much for reading and I do hope that you will consider voting for me.
