## Year 5 Space Centre Trip

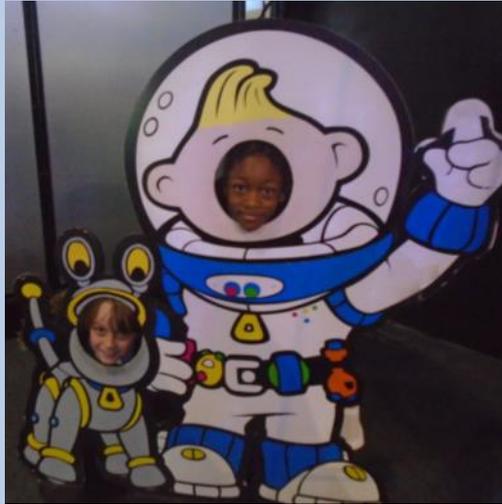

"On Tuesday 1st October, Year 5 went to the National Space Centre. My favourite bit was climbing right to the top of all the floors. We were higher than the rocket!" Maisie

"At the Space Centre I liked going in the weather pod. I also liked controlling the space capsule."  
Amelia

"I loved the cinema as it felt like we were moving around and we learnt lots of cool facts. I thought the space suits were very cool. They had Neil Armstrong's suit that he wore to walk on the moon!" Mia

“At the National Space Centre, we did loads of different things. My favourite part was going to the very top of the rocket because we looked all the way down it. It was also very tiring going up all the steps. My second favourite part was when we went into the planetarium because there was a screen everywhere in the room.” James

“Our Space Centre trip was really fun. There were lots of interactive things such as games, robots and a lot of research!” Joey

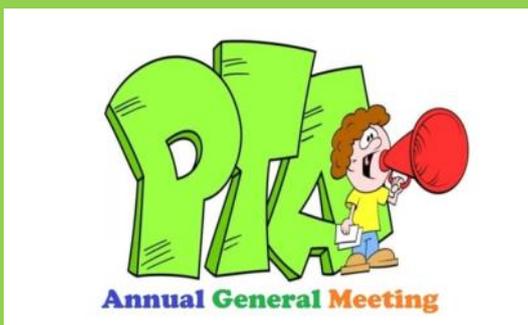

“I found out that the atmosphere on Mars is 100x thinner than Earth. I found the Planetarium to be very interesting.” Dylan
