## **School Readiness sessions in the park**

The Strong Start team are a team of Early Years Workers commissioned by Public Health to offer universal support and advice to families with under 5s. In the last year we have been supporting families virtually but we are beginning to run some face to face sessions outdoors. In July and August we will be running an adapted School Readiness programme in local green spaces and parks.

These sessions will include a variety of activities aimed at helping children develop the key skills they will need when starting school. The session will also include ideas and information on activities families can do at home to help prepare the child for starting school.

During the sessions families will also be able to talk on a 1:1 basis with our qualified Early Years professionals about development and wellbeing topics, ask questions and share any concerns or worries they have about their child or own wellbeing.

Our Holiday Club for 5 – 11 year olds is running from Monday 9th August to Thursday 12th August 2021, from 9.00am – 3.00pm each day. To request a place please visit [Youth Works Northamptonshire - Summer Holiday Club 2021 for 5 - 11 year olds \(google.com\)](https://www.youthworks.org.uk/summer-holiday-club-2021-for-5-11-year-olds) We will then email you to confirm your place and how to pay.

We run three holiday clubs a year for primary school children aged between 5 and 11 years. The children enjoy taking part in many activities including: craft, cooking, sports, puppet shows and visits from special guests! Thanks to the generosity of our local councillors, the children normally go on at least one trip during each club. Recent trips include the Lighthouse Theatre, Kids Play, Irchester Country Park and West Lodge Rural Centre. Our holiday club is always very popular and gets booked up very quickly. It is

therefore always advisable to book well in advance. Like our Facebook page or follow us on Twitter to stay updated. **Cost per day £10, or £3 if you are in receipt of benefits.**
